

In March We're Preparing Czech Courses and Much More

Dear friends,

In our monthly newsletter you will find out what kind of events we are preparing for you in March. We are starting new Czech language courses and we will help you with various things, for example how to fill out a tax return or how to increase your chances in the job market.

And best of all; all of our events are free.

Study Czech from the Comfort of Your Home

Would you like to improve your Czech, but you don't want to come to lessons? We have a simple solution for you – e-learning courses. You can attend these courses from wherever you want and you will practice your reading, writing, listening, speaking and grammar.

You can register from 14 March and the courses begin on 28 March.

On Wednesdays We Speak about Various Topics in Czech

Our Czech open courses were very popular amongst clients in the past. Now you too can take part in them. We start on 2 March and the courses will take place every Wednesday. You register to each lesson individually, so you can choose whichever topic you like. In the March courses you can talk about food, shopping, living or fashion.

Do You Need Help with Tax Return?

It's here again! You need to hand in your tax return until April 1. Do you need help? Sign up for our online lecture interpreted into English on March 1.

Are You Looking for a Job?

Participate in the webinar on 14 March where all your questions regarding employment in the Czech Republic will be answered and will also help you find a job. Apart from that, you will get information about where you can look for a job, what job portals exist, and how to increase your chances for being hired: how to perfect a great cover letter and what not to forget to write into your CV.

More information soon on our website.

Work Opportunities at Jobspin

A great opportunity for all foreigners looking for a job in Brno is nearing. The international employers fair, Jobspin, will take place on Saturday March 5, at the marketplace on Zelný trh. Stop by the Skill Centre stand which will introduce their services in the area of career counselling and also our activities. You can also try out a small sampling of job mentoring from 10 to 14 o'clock.

Become the Face of a Campaign

Are you a foreigner but you feel at home in the South Moravian region? We are looking for stories worth hearing in our upcoming campaign. Maybe it's yours! Let us know at our e-mail kampan@info.cz.

And that's not all! You will find more information about our activities in March on our [website](#), [Facebook](#), or [Instagram](#).
