

# The Centre in May: Conversation and Open Czech Language Courses

## Dear friends,

In our monthly newsletter you will find out what kind of activities we are preparing for you in May. We are opening new conversation courses for Non-EU citizens and we are preparing a film screening in the Brno planetarium for children from Ukraine. All our activities are for free.

## Start Speaking Czech at the Conversation Course

In May we are starting Czech conversation courses for Non-EU citizens in which you can practice various conversation situations and speak on various topics. These courses are connected to classic grammar courses, and this is why the courses are mainly reserved for clients from these grammar courses.
