

Centre in April: Easter, Vietnamese cuisine, and Business

Dear friends,

In our monthly newsletter you will find out about the events we are preparing for you in April. WE are organizing interesting workshops in which you not only can learn new things, but also create new friendships. We will cook together and celebrate Easter. We are also preparing a lecture on having a business as a subsidiary independent activity (side-business) and healthcare for children. We will also meet at the Brno Expat Fair in April.

Easter is just around the corner

Which is the main symbol of Easter? It's the egg, of course! Come decorate some with us at our Easter workshop, which will take place on April 3. The event is for both foreigners and Czech people, for adults and children. Everyone will take home their own Easter decoration.

Self-employment and healthcare

As part of our regular professional lectures, we are preparing a program for you in April. You can attend two lectures: due to great interest, we will be repeating our lecture on how to have a business as a subsidiary independent activity on April 4, and on April 18 we will then talk about healthcare for children in the Czech Republic.

Brno Expat Fair

On Saturday 22 April, as every year, we will meet at Brno Expat Fair where we will have a stand. You can look forward to presentations of organizations from the area of education, culture, and other services for foreigners. If you are looking for a job, representatives of companies hiring foreigners will also be there. Last but not least, you can look forward to interesting seminars, workshops, and of course an afterparty as well.

The day of Vietnamese cuisine

Following Kazakh and Uzbek cuisines, we are preparing for you a workshop of Vietnamese cuisine. Together we will prepare, and of course eat, excellent Vietnamese spring rolls. Come cook with us on April 11 at 17 o'clock.

Speak Czech

Come and chat at our regular open Czech lessons. We meet every Tuesday and we talk about various topics. Those interested register for each lesson separately. The course is for intermediate speakers. In April, we will talk about Easter, food, sport, and ecology.
