2024/2025

3 options

1. Electronically at www.dipsy.cz

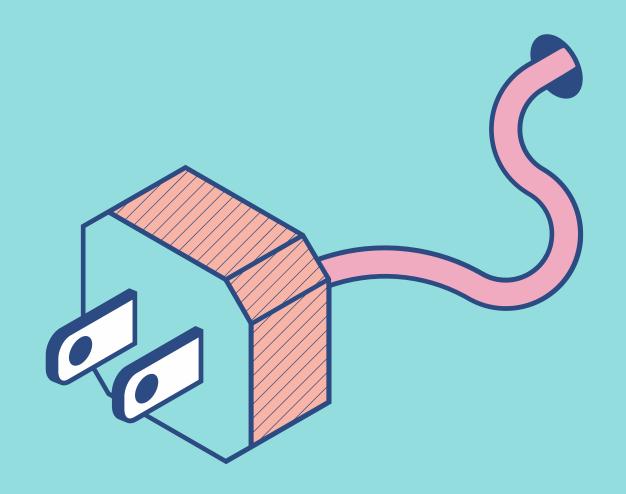

2. By print from the online system

3. Filling out the form with attachments

1. Electronic submission

You need an electronic identity!

- Log into the system which, by connection to the registry, will fill out your child's data. = You do not fill in any more personal data.
- Select from the list up to 3 schools without a talent exam to which you want to apply to.
- You must rank the schools according to the priority for admission.
- You will see information about schools, their programs, accepted applicants of previous years and documents that the selected school requires you to attach to the application for the necessary program.
- Confirm the submission and you will receive a confirmation e-mail.

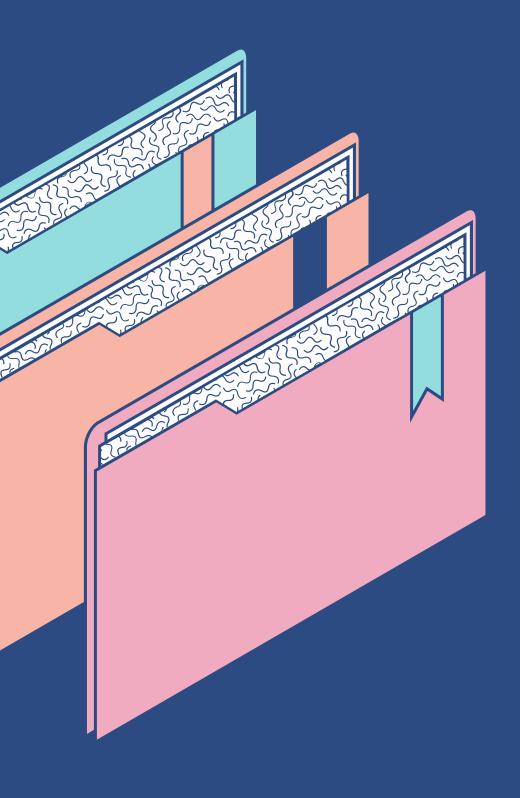

2. Submission via Print from the Online System

You don't need the electronic identity!

- You fill in the application online, but **without logging in** = data will not be downloaded from the registry.
- Select from the list up to 3 schools without a talent exam which you want to apply to.
- You must rank the programs according to the priority for admission.
- You will see information about schools, their programs, accepted applicants of previous years and
 documents that the selected school requires you to attach to the application for the necessary program.
 Upload the scans of photos of the documents into the system.
- Upload photos or scans of the application's attachments required by the selected school.
- **Confirm the submission** and you will **receive** an e-mail with the applications to be printed on the e-mail address listed in the contact details.
- Print the selected document (as many times as the schools you are applying to), sign it and deliver it to each of the selected schools (without the attachments).

3. Submission by Printed Form

- Fill out the printed submission and <u>deliver it to each of</u> the selected schools.
- Attach all attachments required by the selected schools to each of the applications.
- You must rank the applications according to priority of submission.

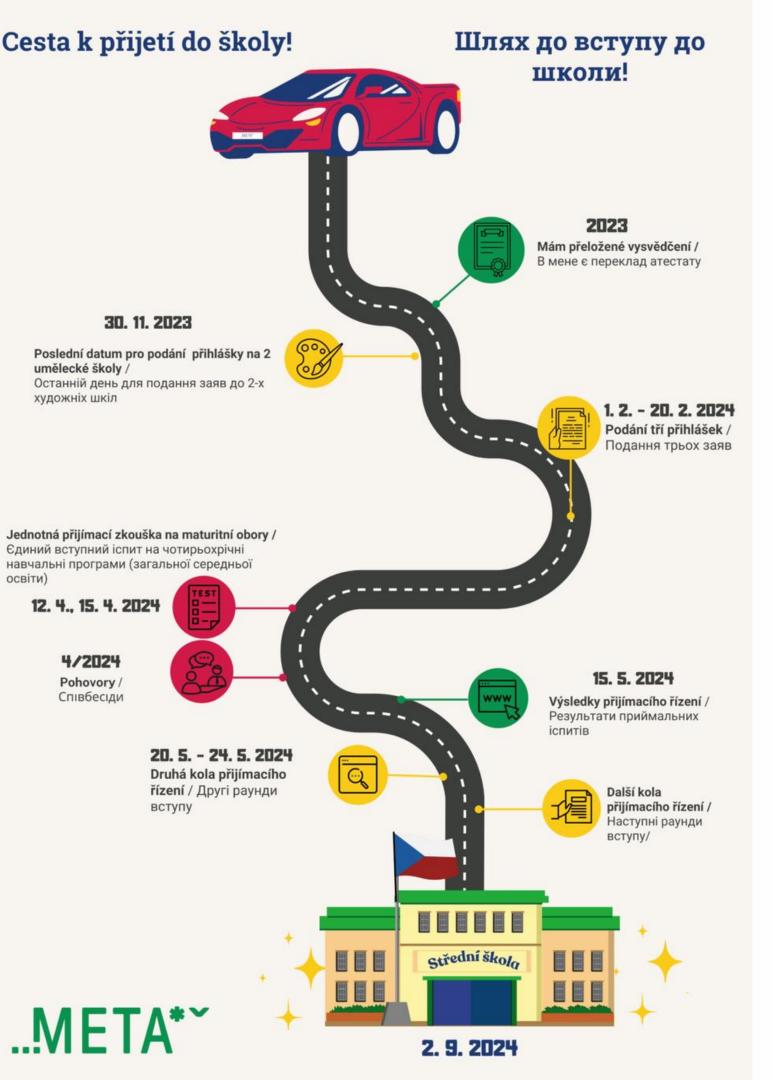

Statement form from a doctor:

- Is an individual attachment of the application (is not confirmed in the application).
- The correct code of program must be filled out!

Determining the Priority of Each School:

- List the most demanded program in the selected school in the first place.
- Put the program where your child should be accepted in case it is not accepted in the first place in the <u>second place</u>.
- Put the program to which your child should be accepted if it is not accepted in the first or the second place in the <u>third</u> <u>place</u>.
- If the application for programs with talent exams has already been submitted by November 30, 2023, you will also add these programs to the order of priority.

Replacement date for Standardized Entrance Exams (JPZ)

• 29. and 30. April 2024 (Mon, Tue) - 4-year programs and multi-year grammar schools

Other important dates of the 1st round

- 10., 13. and 14. May 2024 access to files
- 15. May 2024 School principal publishes results (at the school and in the information system)

1st Round

You can submit:

- 3 applications for programs without a talent exam (maturita and non-maturita programs),
- 2 applications for programs with a talent exam.

Change of program:

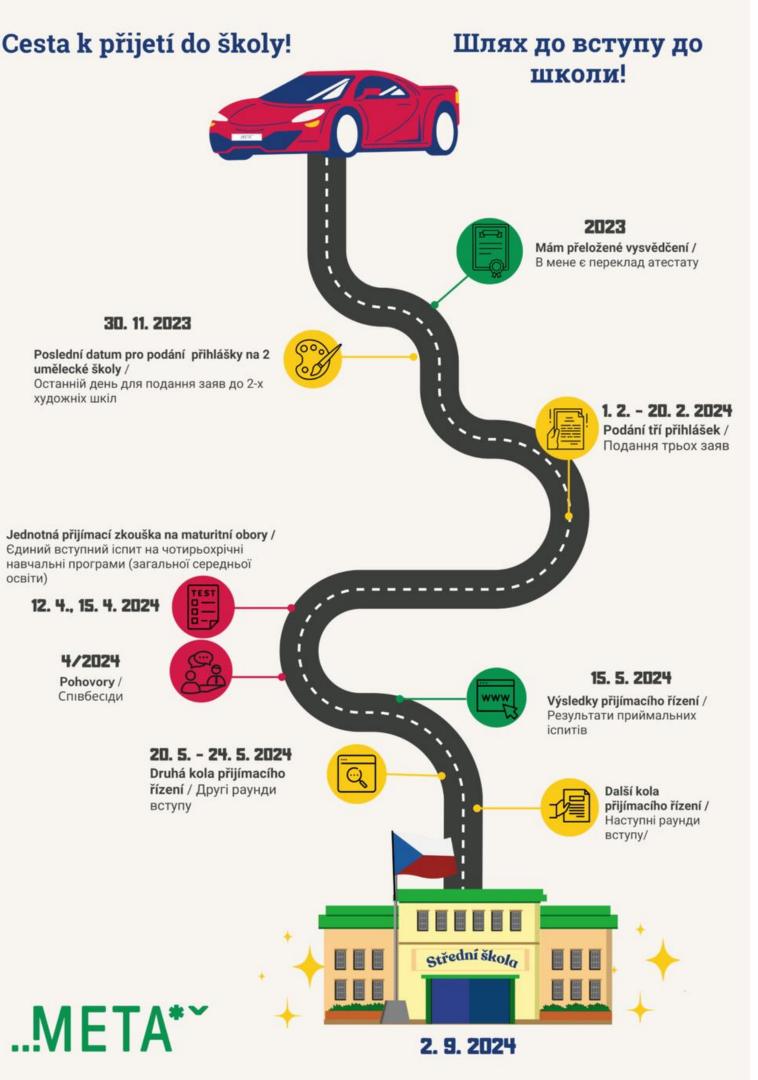

Is possible until February 20, 2024 by withdrawing the application from the given school and re-applying to a different school or program.

Appeal Against Non-Admission:

Not possible. The new system will fill all vacancies by applicants based on the priorities on the submitted applications.

Waive a Place in the 1st Round:

Is possible, in this case it is neccesary to waive your acceptance. The school thus gets a free space that will be offerend in the 2nd round of the admission procedures. It is only after an applicant waives their place that they can apply to the 2nd round.

2nd Round of the Admission Procedures

- 20 May, 2024 publication of the complete list of schools listing the 2nd round of the application procedures on the system's website.
- until 24 May, 2024 submitting applications for the 2nd round
- from 8 until 12 June, 2024 talent exams and school entrance exams

Other important dates:

- 18, 19 and 20 June 2024 access to files
- 21 June 2024 School principal publishes results

2nd round

• Is exclusively for participants who were not accpeted in the 1st round, waived their admission, or did not apply anywhere.

Schools must take into account the results of the Standardized Entrance Exams from the 1st round.

Application submission:

• The number of applications, priorities of programs, option of appealing non-admission and waiving the admission in the 2nd round are the same as in the 1st round.

Attention!

• The applicant who has not taken the Standardized Entrance Exam (JPZ) in the 2st round cannot submit an application for a maturita program in the 2nd round!

3rd Round

Is exclusively for applicants who were not accepted in the 1st or 2nd round, waived their admission, or did not apply anywhere.

- Each school decides whether it will announce a 3rd round.
- The school principal can announce the date of applications no sooner than 7 days after the publishing of results of the previous round.

Application Submission:

- Via **print**, hand-delivered to the school or via a data box.
- The applicant will submit an application to each school with **only the programs of that school.**
- There is **no limit** to the number of schools can be applied for.
- There is no listing of priorities.

Waiving the admission in the 3rd and other rounds

The applicant cannot be accepted to schools in another round if they are accepted at a different schools and do not waive their admission.

Úpravy přijímacích zkoušek pro šk. rok 2024/2025 pro uchazeče s odlišným mateřským jazykem

Jaké mohu mít úpravy přijímacích zkoušek?

..META*~

Jaká je moje situace?

Mám udělenu **dočasnou ochranu** v souvislosti s ozbrojeným konfliktem na **Ukrajině**.

Jaké mohu mít úpravy? Prominutí přijímací zkoušky z českého jazyka (na mou žádost).
Škola ověří mou znalost češtiny nezbytnou pro vzdělávání v daném oboru rozhovorem.

Jednotná
přijímací zkouška
z matematiky v
ukrajinštině
(na mou žádost).

Písemný test **školní** přijímací zkoušky:

- v ukrajinštině (na žádost)nebo automaticky o 25 %
- více **času** a překladový **slovník** (pokud bude test jen v češtině)

Základní školu (povinnou 9letou školní docházku) jsem **ukončil/a v zahraničí.**

Prominutí přijímací zkoušky z českého jazyka (na mou žádost). Místo toho škola ověří rozhovorem, jestli mám znalost češtiny, která je nezbytná pro vzdělávání v daném oboru vzdělání. V ČR jsem už navštěvoval/a základní školu, dokončuji 9. ročník v ČR, ale můj rodný jazyk není čeština a mám s češtinou potíže.

> Pedagogicko-psychologická poradna mi může doporučit např.:

prodloužení doby konání přijímací zkoušky (z ČJ i MAT stejně) použití **překladového**slovníku
(u všech částí
přijímacího řízení) aj.

Co musím pro uznání těchto úprav doložit?

- prostou kopii dokladu o dočasné ochraně nebo dvě poslední vysvědčení dokládající docházku do školy v zahraničí po dobu 9 roků.
- žádost o prominutí přijímací zkoušky z českého jazyka,
- · žádost o konání jednotné zkoušky z matematiky v ukrajinštině,
- a případně žádost o zadání školního písemného testu v ukrajinském jazyce (pokud škola školní písemný test požaduje a pokud zadání v ukrajinštině škola umožňuje).

 Dvě poslední vysvědčení dokládající docházku do školy v zahraničí po dobu 9 roků. Předkládám je v originálním znění a současně v úředně ověřeném překladu do češtiny (výjimkou je slovenština).

· Žádost o prominutí zkoušky z českého jazyka.
